

MRS. TREEN TELLS OF TROUBLE

Grants an Interview to
Newspaper Men in
Newark Thursday

TAKEN TO CANNONBURG

Where She Will be Held Pending
Investigation of Death of Chas.
Atherton at Utica, O.

Because she told conflicting stories regarding the death of Charles Atherton to relatives of the dead man, a warrant was issued Wednesday at Cannonburg, Pa., for the arrest of Mrs. Annalou Treen, wife of Azor Treen of Utica.

The warrant was issued on the affidavit of a brother-in-law of the dead man and was served Wednesday night on the defendant in the village lockup. Mrs. Treen was arrested by the village authorities and was taken to the village lockup. She was taken to the village lockup on the morning of Thursday, Feb. 15, at 12:25 o'clock, from a bullet wound in the head received from a 32-calibre revolver. The wound was inflicted last Thursday afternoon in a room at 218 Orchard avenue, in Cannonburg, where Atherton and Mrs. Treen were rooming.

After Atherton's death the coroner returned a verdict of accidental death. As Mrs. Treen was the only person in position to throw any light on the tragedy, the verdict was found chiefly on her testimony.

Mrs. Treen left Utica this morning about 8 o'clock on B. & O. train No. 14, in charge of Constable J. J. Miller of Cannonburg, to return to that place, where she will face a charge of murder.

Mrs. Treen took her arrest very coolly and smilingly asserted her willingness to return to Cannonburg and tell all she knew of the tragedy. She said it was purely a case of accidental death and that she was in no way responsible for Atherton's death.

She talked willingly to the newspaper reporters, told her version of the affair, and up to this time her statements have not been successfully contradicted. According to the statements of both Mrs. Treen and relatives of the dead man, her great offense seems to be that she endeavored to conceal the facts surrounding what she alleges was Atherton's accidental self-destruction.

Four weeks ago last Monday, Mrs. Treen eloped from Utica with Chas. Atherton. She had known him a short time, having become acquainted with him after he moved into the vicinity of her home.

Mrs. Treen left three small children at home when she left, taking the youngest, a 2-year-old daughter. They arrived in Cannonburg four weeks ago Wednesday and took a room at the Orchard avenue house. Mrs. Treen's little daughter was with them the entire time.

Atherton had been promised work in the vicinity of Cannonburg and went there to take this position.

He worked but little. According to the story related by Mrs. Treen, he spent much of his time drinking. Treen, the husband, sought to locate his wife and succeeded in tracing her to Cannonburg and expected to go to that place to bring her back when word was received at Utica of Atherton's death. Mrs. Treen soon followed and notified her husband of her arrival in Newark last Saturday night.

When she reached Newark, she called George Mossholder, Atherton's brother-in-law, on the telephone and told him of Atherton's death. At that time she said he was in a saloon in Pittsburg, drinking and gambling. She claimed, according to Mossholder's statement, that after losing all his money he shot himself.

She said he was wounded in the abdomen and had been taken to the Mercy hospital, where he died. Atherton's relatives were not satisfied with her information and they immediately called the Mercy hospital on the telephone and inquired about Atherton.

According to Mossholder's statement, the hospital authorities stated that Atherton had been received at the hospital and was badly hurt, but was getting along all right. The Utica relatives were instructed to write to the hospital attaches and full particulars would follow by return mail.

When this letter reached Pittsburg, the hospital nurses immediately discovered that a mistake had been made and that their patient was not the man inquired after by the Utica relatives, but a man with a name

somewhat similar. The confusion in names resulted from an unsatisfactory talk over the long distance telephone.

They immediately wrote to Mr. Mossholder, informing him of the mistake and he decided to investigate personally. With another brother-in-law, Clarence H. Barnes, he left for Pittsburg.

They sought the aid of the police and the rounds of the hospitals and undertakers were made, without succeeding in locating Atherton or his body.

They then went to Cannonburg, where they found the body in the morgue of the McNair undertaking establishment. After learning the details of his death they caused a warrant to be issued for the arrest of Mrs. Treen and word was sent to Utica to hold her for the arrival of the Cannonburg constable.

After her arrest, Mrs. Treen told the story of Atherton's death. This was the same related to newspaper men at the B. & O. station Thursday morning while the train was standing. She was seated with Constable J. J. Miller and they both greeted the newspaper men pleasantly.

Mrs. Treen willingly consented to be interviewed. She denied that she was of foreign birth, in answer to a question from one of the reporters. "Can't you hear most anything?" she said with a toss of the head.

"I'll tell you the whole story," she said. "I have nothing to fear from any investigation. The shooting was merely an accident. Atherton was sitting in a big Morris chair working with a revolver, when the weapon was discharged.

"Earlier in the afternoon he had purchased a suit of underclothing and other clothing. He came to the room and tried them on and found that they did not fit. He was preparing to return them to the store for exchange.

"When he returned with the package, he had a pint of whisky, the second bottle he had purchased that day. He started out and got half way down the stairs, when I called to him that he had forgotten his package.

"He returned to the room after the package, and seeing the revolver on the dresser, he picked up the weapon with him remark that it wouldn't snap."

"He said he was going to adjust the spring and began fooling with the gun. Just before this, the landlady had sent a piece of pie to my room and I was seated at a table across the room, eating the pie.

"Atherton, with my little girl at his knee, snapped the revolver several times and then there was a report. Atherton lurched forward in his chair with the blood streaming from the bullet hole.

"I called the doctor and he was there within ten minutes after the man was shot. He called an ambulance and I went with them to the hospital. They operated upon him, but said he would not recover. They said he would probably live until he 'boozed' was out of his system. He died the next morning shortly after midnight.

The accident happened about 5 o'clock in the evening. I took the train the next morning for Newark and arrived Saturday evening.

Her story of the tragedy was short by the departure of the train, before she entered into the details of the story she stated that she was a native of Licking county, being a daughter of Mr. and Mrs. D. G. Jones of 78 Grant street, this city. She was born north of Granville, where she spent most of her life.

She was married to Treen while a resident of Centerburg, the license being obtained in Mt. Vernon.

Her husband accompanied her from Utica to Newark, where he bade her goodby. In reply to a question as to whether he expected to go to Cannonburg, he stated that it cost too much money and he would have to use too much time from his work.

As Treen and the reporters hurried out Mrs. Treen called another goodby. "I'll be back soon, dead or alive," she declared with a laugh.

To the Advocate, Mr. Mossholder stated that after he and his brother-in-law reached Cannonburg and learned of Mrs. Treen's efforts to cover up the facts in the case, they decided to have a more thorough investigation. They caused the warrant to be issued and made arrangements to return to Utica with the body and with the constable.

Upon their arrival at Utica, Atherton's body was taken directly to

KILLS CHILDREN AND SELF WITH A SHARP RAZOR

Cleveland, Feb. 15.—When Adam Bujch called at the home of Peter Ciezuch late yesterday to deliver milk he peered through the window and saw two little bodies on a bed. He called the police who found Ciezuch on the floor with his throat cut. On the bed with necks almost severed, lay the bodies of Ciezuch's children, Cezefaw, 5, and Agnes, 3.

Ciezuch died in an ambulance on the way to a hospital. The mother was away from home at the time of the tragedy. It is said that Ciezuch was despondent because he was out of work, so killed himself and children.

Horror stricken and unable to find her voice to scream an alarm, Mrs. Joseph Kiacelski, it developed last night, saw the father murder his children and then kill himself. She had gone to the house to see Mrs. Ciezuch. Hearing a child scream she looked through the window and saw Ciezuch seated on the bed with his boy across his knee and a razor in his hand.

"Father, please don't kill me, I am holding a cross," she heard the child say and then saw the razor almost sever his neck.

Then the father caught up the girl and slashed her throat. Without pausing he then drew the blade over his own throat.

Speechless with horror and fright the woman ran away, her courage to tell the story returning an hour later.

SIX KILLED IN TRAIN WRECK

Salt Lake City, Feb. 15.—Six men were killed and seven injured this morning when a locomotive hauling an ore train at Bingham, Utah, left the track and rolled down a hill crashing into the roof of the Bingham State Bank.

ACTOR KILLED IN QUARREL.

Cincinnati, Feb. 15.—Max Abbott of New York, a member of the burlesque show playing here, was shot last night by George Stone after a quarrel in the theatre and died here today. Stone is a brother of Fred Stone of the team of Montgomery & Stone.

WRECK VICTIM CHLOROFORMED BY PHYSICIAN

Yarmouth, Me., Feb. 15.—Three trainmen were burned to death in a freight railroad wreck on the Grand Trunk line near Yarmouth station today. Two freights collided with fearful impact and fire caught in the wreckage. One of the men in the engine cab, Harry Corliss was alive when villagers reached the scene but was so burned in the wreck he could not be extricated before the wreck caught fire. Corliss begged that he be given something to ease his sufferings and chloroform was administered by a physician. Shortly after this the villagers were driven back by the heat.

PRISONER, RECAPTURED.

Gallipolis, O., Feb. 15.—After a chase with bloodhounds extending over 20 miles, Frank Casey, who broke out of the county jail here, was recaptured near Middleport, O. and returned to his cell. Casey managed to escape by sawing through the bars of his cell.

ADJUTANT GENERAL AINSWORTH MUST ANSWER TO COURT MARTIAL

Washington, Feb. 15.—Adjutant General Fred C. Ainsworth of the army has been relieved of duty at the war department and will soon be ordered before a court martial. The charges have not been framed.

Serious friction has long existed between the adjutant general's office and the general staff. Secretary Stimson sided with the latter. Matters were brought to an issue by a reply by Ainsworth to the Secretary of War in connection with the muster and pay rolls. Secretary Stimson felt the adjutant general had used language that

OPPONENTS MAY HAVE MAJORITY

Delegates to Prevent
Good Roads Proposal
Coming to a Vote
TO SUBMIT SUBSTITUTE

For Measure Which Reads the
Calendar--Workmen's Compensation Feature in Constitution.

Columbus, Feb. 15.—The departure for home of many delegates to the constitutional convention has aroused fear for the good roads proposal which was at the head of the calendar and its supporters declared they would prevent it coming to a vote. No morning session was held today and the convention convened at 1 p. m. Sounding the sentiment among the remaining delegates it was found that opponents were nearly a majority.

E. M. Lamson, of Ashland, stated that he would have the proposal put over until next Tuesday morning. Opponents of the good roads proposal were busy throughout the early part of the day on a proposal to be submitted as a substitute for the Lamson measure.

The labor committee of the convention today adopted a report recommending the adoption of a proposal providing for a workman's compensation feature in the constitution. Such a law is now in operation in Ohio but the labor leaders desire it incorporated in the constitution. The phraseology will be changed to read "employees" in the places where "workmen" is used. This was done through the fear that the word "workmen" might be interpreted to mean men only, while employees will embrace men, women and children as well. The proposal eliminates the present feature of compensation which provides that employees contribute 10 per cent to the fund.

Another sub-committee to consider a proposal submitted by Mr. Thomas for state insurance against old age, invalidity and lack of employment has been named. Complaint of court cases may be tried before a jury in Ohio instead of the judge or judges making the charges. The judicial committee agreed to recommend such a proposal to the convention.

FIRE MARSHALS MAY MAKE ARRESTS IN THE ROSCOE CASE

Coshocton, O., Feb. 15.—Fire Marshal Zuber yesterday learned from four Coshocton boys, who were skating Thursday night when Lerentley's store and the postoffice at Roscoe were burned that they saw two men skulking around the buildings. It is believed they recognized one of them and that arrests will be made today.

A seventh anonymous note in the same handwriting as the others, has been found on the floor of the barn owned by Superintendent Lyons and turned over to Prosecutor Klein. It was addressed to the "Skule Bord," and reads:

"People of Roscoe would better be keener who they bother, bord is not doin rite thing, bloodhounds or no dog we are not skeered."

TOLEDO GETS THE PLUMBERS

Canton, Feb. 15.—Toledo will have the next Ohio convention of master plumbers in 1913. That city won over Akron in the contest today, because Akron is uncertain whether it will have proper hotel facilities before that date.

FORMER NEWARK WOMAN IS BEQUEATHED \$2,000,000 ESTATE

MRS. MARGARET MAGINNESS SPRINGER.

Mrs. Margaret Maginness Springer, a former Newark woman, whose husband died a week ago in Chicago gets \$1,995,000 from her husband's estate according to a special from Chicago, telling of the filing of the will there. Mrs. Springer is the daughter of Mr. John Maginness, the shoe man who is remembered by hundreds of Newark people.

One surviving son is bequeathed \$5,000 and the balance of the estate, valued at \$2,000,000 is left to the widow and her heirs. Mrs. Springer is made executrix of the estate without bond.

The special from Chicago is as follows:

Warren Springer left an estate valued at over \$2,000,000, according to a petition that was filed Wednesday with John W. Rainey, assistant to Probate Judge Charles S. Cutting.

The petition was filed by Mrs. Margaret Springer, the widow, who is appointed executrix of the estate without bond. The real estate holdings are valued at \$2,000,000 and the value of the personal property is placed at not to exceed \$2,000.

The will of Springer was filed in the Probate Court last Saturday. To a son, William Springer, is bequeathed \$5,000. The rest of the estate is left to the widow and her heirs.

FORTY-SEVEN LABOR CHIEFS ARRESTED ON INDICTMENTS

Indianapolis, Feb. 15.—Official reports received by the government up to noon today show that only seven of the fifty-four men indicted in the dynamite conspiracy had not been arrested. Those who have escaped arrest are Michael J. Young of Boston, a member of the executive board of the Association of Bridge and Structural Iron Workers; J. J. McCray, an iron worker of Wheeling, W. Va.; J. R. Irwin, of Decora, Ill., a local officer; Frank K. Painter of Omaha, local union officer; Milton H. Davis, District Attorney Miller said today that the government was particularly anxious to apprehend Young, who is one of the five executive board members indicted.

Appeals to President Ryan from many points today were received asking the union to assist the indicted men in securing bond and to prevent their going to jail. Some are said to have come from those who have prevented the serving of warrants for arrest and are endeavoring to be assured they will not have to go to jail. The appeals generally are being answered by saying that the union is in no position to furnish bonds as the aggregate of \$340,000 required for all made it impossible.

Death of Dwarf at Zanesville.

Zanesville, Feb. 15.—Joseph Gar-nette, aged 40, weighing 40 pounds and only 34 inches tall, died suddenly here last night as he was being carried from a local museum to his hotel room by an attendant. Coronar A. C. Walters pronounced death due to heart trouble. His home was at 58 Dennis avenue, Cleveland.

MAY CLEAR MYSTERY OF RICE MURDER

Prisoner Alleged to Have
Confessed to Killing
Cleveland Lawyer

IMPPLICATES TWO OTHERS

Murder Suspects Were Engaged in
Robbing Ben-Coop When Inter-
cepted by Attorney Rice.

Columbus, Feb. 15.—An alleged confession now in the hands of F. M. Di Maio, division superintendent of the Pinkerton Detective Agency at Cleveland, may lift the deep veil of mystery surrounding the murder of William L. Rice, Cleveland millionaire attorney, who was shot and killed near his home on Dyerlock Road, Cleveland Heights, on the night of August 5, 1910.

The confession was obtained in the penitentiary here this week after more than a year's effort on the part of Pinkertons, as well as Cuyahoga county authorities. It sustains the theory agreed upon by Pinkertons and Cuyahoga officials shortly after the murder.

The man who fired the shots which killed Rice is in the penitentiary under a three-year sentence based upon a conviction for robbery secured in Cleveland in November, 1910. Di Maio declared yesterday. He spent most of the day in Columbus.

Three men are directly implicated in the confession. Di Maio added. The one who fired the fatal shots and a second man are in the penitentiary and the third, he said, is in custody under a fictitious name. Di Maio refused either to divulge the name or the whereabouts of the third man. He will be produced in "Cleveland" shortly, however, Di Maio said.

"I have the confession right here in my pocket," Di Maio remarked, significantly, as he tapped his coat front. "How and why I got it I am not at liberty to state. As soon as a few minor details are cleared away the complete facts can be made known and not before."

Pietro Tomasello, who was arrested in Brooklyn in November of 1910, tried and convicted at Cleveland for a chicken robbery committed at Blue-stone, East Cleveland, and who is serving a three-year sentence in the penitentiary, is the man suspected of firing the shots which killed Rice, it was said.

Vencenzo Pelato, arrested in Black Diamond, Cal., and convicted and sentenced to a five-year term for the same robbery, is said to be the one making the confession. Pelato, according to his own purported statement, was one of the three who mixed in the fight with Rice.

Mr. Rice spent the evening at the Euclid Club and was walking toward his home, not far away, when slain.

If Detective Di Maio secured the confession at the prison he did not so inform Warden Jones, it was stated at the prison yesterday.

DETECTIVE'S STATEMENT

Cleveland, Feb. 15.—Through a confession obtained from Vincenzo Pelato, a convict in the Ohio penitentiary, Detective Di Maio, superintendent of the Pinkerton agency in Pittsburg, it is believed he has solved the mystery surrounding the murder of Attorney William L. Rice.

Attorney Rice, of the firm of Blandin, Rice & Ginn, who was prominent in his profession here and in New York City, where he was associated with William Nelson Cromwell, was found dead on Euclid boulevard a short distance from his mansion on the night of August 5, 1910. Near him were two bags which had evidently been used by chicken thieves.

According to Di Maio, Pelato, who, with Michael Tomasello, was arrested for holding up and robbing a woman six days after the murder in Blue-stone, a suburb, had been caught with a third man by Rice as they were leaving the yard of R. L. Palmer, a neighbor. The three were carrying a bag of chickens.

According to the confession, Rice attempted to hold one of the men, and in the struggle which followed Pelato (Continued on Page 9, Col. 6.)

COURT NEWS

Divorce Petitions.

That marriage has proven a failure for some is evidenced by the number of divorce cases that are being filed in the courts just now. In the Probate Court new cases have been filed as follows:

Thomas Loper wants a decree from his wife, Anna Loper, to whom he was married on Dec. 16, 1910. No children were born of the marriage and for cause of action the plaintiff charges the defendant with adultery. J. W. Horner, attorney.

Bertha Bain would like a decree from James A. Bain, to whom she was married on Jan. 24, 1909. For cause of action she charges defendant with abandonment and failure to provide. She asks for a decree and restoration to her maiden name of Bertha Fields. Smythe & Smythe, attorneys.

Myrtle Weiss says that she was married to Isaac Weiss on March 26, 1898, and that six children were born to them. She charges him with cruelty and failure to provide, and asks that reasonable alimony be allowed her. J. W. Horner, attorney.

Smythe & Smythe have filed petition on behalf of Wm. Kidwell, asking that he be divorced from Katherine Kidwell. The parties were married April 5, 1901, and one child now

tored. The case will be assigned for trial after the three weeks' session of the Circuit court here, which begins Feb. 27.

State of Ohio vs. Arthur Dayton, indicted for failure to provide for minor children. Defendant reported sick and unable to attend court. Trial passed.

City Building.

There is but one plan upon which we may build beautiful cities. We must have a commission of architects, landscape gardeners and a few advanced thinkers from the ranks of business to devise public improvements with a view to beautifying the city. Then let the city take up these plans seriously, and no matter how slowly, do every piece of work entered upon in strict accordance with these plans. Slowly but surely the development of beauty and fitness will come, and in the end the model city will surely unfold. We are almost criminal in that we continue to inaugurate various fundamental public improvements without having the beautification of the city in mind.

DISTRESS IN STOMACH AND DYSPEPSIA GO

If what you just ate is souring on your stomach or lies like a lump of lead refusing to digest, or you belch gas and eructate sour, indigestible food, or have a feeling of Dizziness, Heartburn, Fullness, Nausea, Bad taste in mouth and stomach headache—this is Indigestion.

A full case of Pape's Diapiesin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Dyspeptic trouble of all kinds must go, and why Diapiesin always relieves sour, out-of-order stomachs or Indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Bilio-ness or Constipation.

This city will have many Diapiesin crams, as some people will call them, but you will be cranking about this splendid stomach preparation, too, if you ever try a little for indigestion or gas-tritis or any other Stomach misery. Get some Pape's Diapiesin now, this minute, and forever rid yourself of Stomach Trouble and Indigestion.

CONSPIRACY INDICTMENTS MAY RESULT

New York, Feb. 15.—Indictments for conspiracy are confidently expected by District Attorney Whitman who with the grand jury made further investigation today to determine if improper influence was had to send E. E. Bradt away for a long term on charges of first degree burglary. The district attorney says he will continue the investigation even though Brandt is pardoned by Governor Dix.

ELKS COMING IN SPECIAL CAR FROM WHEELING

Mr. Bernie Wingerter Thursday afternoon received a long distance call from Wheeling, W. Va., asking for box reservations for the Elk minstrel next Monday evening.

A delegation of thirty Wheeling Elks will arrive in a special car next Monday afternoon on B. & O. 103. They will be accompanied by Hon. George Lutz, president of the Wheeling Board of Trade. They will take part in the big parade in the afternoon and reservations will be made for them in the various hotels.

Thirty-five Elks from Co-shocton have asked for reservations to have a number from Columbus, Zanesville and Mt. Vernon. Monday will be the big Elk day of the year and the local lodge will keep open house for the visiting brothers.

A Cup Full of Coffee Satisfaction

THAT is what every cup of Fitch's GRAINS OF HEALTH is. It smells like good coffee—it tastes like good coffee. But it has not one of the bad after-effects of coffee.

It won't hurt the most sensitive stomach. It is good for it—tones up the digestion—and at the same time gives the palate all the pleasure that the finest coffee ever sold can give.

Fitch's Grains of Health

The Coffee Substitute With the Coffee Taste

is as different from the ordinary tasteless or vile tasting coffee grocers, as maple syrup is different from castor oil.

Many cannot tell Fitch's GRAINS OF HEALTH from coffee. Try it today and know for yourself how good it is. Drink all you want. The more the better. Physicians recommend it.

If your grocer cannot supply you, write us, mentioning his name, and we will send you a generous sample package of Fitch's GRAINS OF HEALTH (enough to serve a large family at breakfast) and a booklet telling you all about Fitch's GRAINS OF HEALTH. Enclose 6 cents in stamps for postage.

BASKETBALL.

Denison vs. Newark.

Manager Reinhold of the Newark "Y" basketball team made arrangements last night for the Denison University team to play the Y team at Hickey Hall next Thursday night, Feb. 22.

Since the present "Y" team has been organized the Denison team has been defeated two out of three games. The Denison bunch won the last game last season when they defeated the locals 36 to 30 on the "Y" gym. It goes without saying that the "Y" team will try to wipe out that defeat. The game will be called at 8:00 o'clock sharp.

Y. M. C. A. Basketball.

The Intermediate Gymnasium class met last night and played their first league basketball game. The Cubs beat the Reds 20-12 and the Athletics were taken into camp by the Vets to the tune of 16-0. A picked team from this class will play a team from the Student gymnasium class Saturday night at 7:30. This is the second game that they play. The first game was won by the Student team 24-20. Every fellow is invited and should come out and root for his class. A big time and a good game will be the attraction. Bring your friends and enjoy the contest. HanQ-collegiBusetaoin etao in etao

NEW FEATURES AT THE Y. M. C. A.

Among the new features at the Y. M. C. A. this winter are an orchestra which meets every Wednesday evening, a discussion club which meets Friday evenings and the lunch counter, which is open to men from 11 to 1 at noon and 5 to 6:30 in the evening. This is run strictly on the lunch style and makes a good place for men to get a lunch served quickly and in the neatest kind of style. The orchestra plays on the second floor every Wednesday evening. Anybody who enjoys music has the privilege of listening. It is a good place to get a little relaxation. The discussion club is open to any young man who wishes to learn to debate or to preside over a public meeting. No fee is charged. Friday evening, Feb. 16, the boys debate on the subject, "Resolved, that the election of a Democratic president in 1912 will be to the best interest of the American people. This is a big subject and anybody who wishes to take part is invited to be present.

The new dormitory rooms are becoming very popular and all young men who have quarters there speak highly of the pleasure they get from living in such quarters. Any young man wishing a good rooming place could not do better than to enquire at the Association.

FOR TONSILLITIS COLD IN CHEST OR SORE THROAT

A Simple Harmless Remedy that Acts Promptly and is Easily Applied. All Should Investigate This.

Many people catch cold so easily that exposure to damp night air, cold winds, or being caught in a storm or drizzling rain, means for them either Tonsillitis, Sore Throat or a bad cold in some form.

This is because the mucous membranes are in a weakened condition, and frequent colds, cause them to become swollen and inflamed, causing Catarrh and other distressing diseases of the air passages.

If you want a simple, harmless remedy that will protect and throw off colds, try the Nostriola Treatment.

Nostriola is a pleasant, harmless, antiseptic, cleansing, healing balm, quickly reaches and opens the air passages, heals the sore inflamed membranes and a pleasant surprise awaits all who use it. In case of Sore Throat and Tonsillitis, apply Nostriola freely to the affected parts and cover with a woolen cloth. Also swallow a piece size of a small pea every few hours until relieved.

If you are troubled with catarrh, Catarrhal Deafness, Head noises, Asthma, Hay Fever, or other stoppages of the air passages, certainly you should give Nostriola a trial.

Hundreds of people in this vicinity are using the Nostriola treatment. Ask your druggist about it, and get a 25c tube today. You'll wish you had tried Nostriola sooner.

MAYOR JONES WRITES LETTER FROM BERMUDA

ROLLED OUT OF BUNK ON WAY SOUTH DURING SEVERE STORM.

Fond of Onions and Climate, But He Complains at Prices of Board at Hamilton.

(By O. C. Jones.)

Hamilton, Bermuda, Feb. 9.—Having had about all that I wanted of Ohio winter and the gas meter going like a race horse, Mrs. Jones and myself decided to join the company of Mr. and Mrs. U. O. Stevens and make a trip to Bermuda. The trip to New York was about the usual journey in mid-zero weather which means, train late, but who cares when the schedule time to arrive was 6 a. m.? We got there at 9 a. m. That meant more sleep. The boat left at noon Saturday, February 3 on time and that is the custom of all ocean liners, to leave on the dot. The trip out of the bay was ideal for the sky was clear, the mercury at zero and the Goddess of Liberty looked plainer than ever before. Really I could detect frost on her sober lips. The voyage Saturday was fine as the steamer Arcadian was making her in-

itial trip, just new from England. She is 517 feet long, beam 55 feet, wireless, submarine signals and strictly up-to-date. She has the largest state rooms I ever saw on ocean liners and to tell the truth I wished on Sunday they had been smaller. Sunday was the worst storm this child has ever experienced. I wanted to see rough weather, but that feeling has passed away. Mrs. Stevens and myself were rolled out of our bunks twice and the steamer trunk under my bunk rolled around the floor like a marble. I felt several times that I never would see my home sweet home again. Mrs. Jones and the Stevens family will bear me out in the statement. In fact Oscar has been considerable of a bear ever since. We arrived at Bermuda late Monday and the change from Ohio freezing made us soon forget the hard trip over.

The Islands of Bermuda consists of about 360 Islands, an area of 19 square miles. The population is 20,000, two-thirds black. It is 25 miles long and an average of 2 miles wide. It has 100 miles of the nicest roads. It is ever on, consisting of a light sponge rock of about 12 to 15 feet wide, bell shaped and as smooth as a marble floor. The soil is from 2 to 12 inches thick and very productive.

The island is hilly and rolling and for bicycles it is ideal. The government does not allow any automobiles on the island and the transportation is by horses, carriages and bicycles. There is no manufacturing on the island, and no steam cars, no trolley and for a place of absolute rest and comfort it is ideal. I was a little disappointed in the climate. They have the same as California, hot days and cool nights, and when it is rainy and gloomy it is much so but when the sun comes out you forget the past.

They raise principally onions and potatoes. The island has no large tracts of ground, all small patches in the numerous little valleys and they have to fertilize and use a great deal of seaweed to do it with. The potatoes grow three crops per year and of a fine quality on account of sandy soil, the onion one crop and its quality is world renowned.

The sea bathing is great on account of the clearness of water and submarine gardens which you visit in glass bottom boats are as fine as can be found as coral grows in abundance and fish of many varieties are found. You will notice the mayor in the sea bath and Mrs. Jones and Mr. and Mrs. Stevens are there but for Mr. Stevens' modesty, they are just behind Mr. Cleveland—the big fellow in the picture.

The living here is high. I do not know what makes it unless it's because they have so many tourists and can get the price. Board is from \$12 to \$25 per week up and that word up is worked over time. We have strawberries and peas on the table, (I can not eat peas because they will not stay on my knife), but no onions as the onions are now just about the size of ours we use in May and June, but they let them grow, for each one makes one of those large ones about the size of oranges and are sold by the pound, and time tells with them. On our menu today was marked

TOMORROW

TOMORROW, Friday, we will publish in this newspaper our full page advertisement, at the top of which, in the upper right-hand corner, will appear a Coupon good for *five cents cash* in part payment for a 10c 16-ounce tall can of *Every Day Evaporated Milk*.

If you deal at a cash store your grocer will accept the coupon and 5c cash in exchange for a tall 16-ounce 10c can of *Every Day Evaporated Milk*. If you trade on credit your grocer will accept the coupon as 5c in cash and enter a charge of only 5c on the books for the tall 16-ounce 10c can of *Every Day Evaporated Milk* he gives you.

Why We Make This Offer

Thousands of families in this city and county are using the 5c size of *Every Day Evaporated Milk*. They know it is absolutely the best milk to be had, and the 5c size is very popular because it meets every requirement of the family using less than one quart of liquid milk a day. It is not true economy to buy more of anything than you actually use, no matter how little it costs you.

But there are thousands of families in this district who use larger quantities of milk and we want to acquaint these families with the extraordinarily good value we can give them in our new 10c tall can.

Every Day Evaporated Milk will keep for months in the unopened can. After the can is opened it will keep longer than fresh milk without souring or spoiling. We want you to try the new tall can and if it makes no more milk than you will use in two days you will find it a money-saver to buy regularly.

Do not think that our new 16-ounce can is the same as the ordinary 10c can sometimes sold three for 25c. You get your money's worth in a 5c can of *Every Day Evaporated Milk*, but the new 10c tall can gives you even more, for it contains two and one-half times as much

milk as any 5c can on the market. We know that careful housewives who like good things for the table will use more *Every Day Evaporated Milk* when they learn they can buy it for less than the cost of fresh milk, and that is why we are making this special offer to give you a large 10c tall can for the same price you are accustomed to paying. If you find the tall can too large for your use, continue to use the 5c size and there will be no harm done.

Cut the coupon from your paper tomorrow and get the new tall 16-ounce can. Try it in a special dish for Sunday—a Milk Toast for breakfast, a Cream Corn Soup, a Baked Custard or a Custard Cake for dinner—or make an Ice Cream for dessert or have Chocolate Fudge in the evening. You can use *Every Day Evaporated Milk* in a hundred ways. It is always good and always ready. It gives a deliciously rich milk flavor to dishes that it is impossible to impart with ordinary liquid milk. Ask your grocer for our little receipt book, "Some Every Day Dishes and How to Prepare Them."

Chicken Sausages—on account of my extreme bashfulness I did not order chicken but I presume Chicken Sausages means roosters.

I am afraid I am making this letter too long, but I must tell one thing more about the building material which is all coral formation stone. A soft stone of light color they get in the quarries by sawing with saws just like we use in sawing ice at home. I visited one of the native schools and Miss Matilda E. Crawford asked the mayor to address the pupils, 75 in number, and what I told them how the mayor ran at the last nomination was a fright. I told them at home just now they were cutting ice with the same style of saw they cut stone here with, and when I told them that I left zero weather really some of the smaller ones seemed to chill. All buildings are finished with thin coal and cement to harden the outside and all building and fences which are made of stone are kept whitewashed, even the roofs are cemented and whitewashed as they catch all rain water which is kept in cement cisterns and used for drinking purposes. The breakfast bell is now ringing and must say goodbye.

Yours,

COOKEY JONES & CO.
P. S. The company is Mrs. Jones and Mr. and Mrs. Stevens and everybody here says beg pardon so the Mayor says beg pardon for this letter.

HEALTH HINT FOR TODAY.

Fruit Sugar and the Heart.
An English physician, Dr.
Goulston, has discovered that
fruit sugar is of great value in
the treatment of heart disease.
Glycerin, or muscle sugar, is
consumed in all muscular exer-
cise. Starch must be converted
into this form of sugar in the
system before it can be utilized,
and furnishing a form of sugar
ready for assimilation readily
supplies the heart and other
muscles, while relieving the dis-
gestive system of the strain of
digesting heavier foods. Milk
sugar is a large component of
the infant's food. The starch of
rice is more easily converted
into muscle sugar than that of
other cereals or of potatoes, but
fresh figs, dates, raisins and ba-
nanas are still better. But these
should not be mixed with heavy
foods and especially not with
flesh meat.

Pu Yi, the deposed Emperor of
China, is only six years old, and his
reign had lasted barely four years
when he was set aside by his revolting
countrymen. The advocates of mon-
archical rule will never tire in showing
up the cowardly character of the as-
sault of a mob nearly three hundred
millions strong against a babe of such
tender years.

Since he goes to deliver a message o.
good will to the Latin-American Re-
publics, Secretary Knox will have nothing
to say about how a certain
resounding person "look the Canal
Zone."

Utterly Wretched

Nervous Prostration Long Endured
Before Remedy Was Found.
Miss Minerva Reminger, Upper Bern,
Pa., writes: "For several years I had
nervous prostration, and was utterly
wretched. I lived on bread and beef
tea because my stomach would not re-
tain anything else. I took many reme-
dies, but obtained no relief until I
took Hood's Sarsaparilla, when I began
to gain at once. Am now cured."
Pure, rich blood makes good, strong
nerves, and this is why Hood's Sarsa-
parilla, which purifies and enriches the
blood, cures so many nervous diseases.
Get it today in usual liquid form or
associated tablets called Sarsatabs.

"Roosevelt," said Governor Osborn
of Michigan, "occupies the same position
as one of the reserves of an
European army; they cannot volun-
teer, but they must come when the

spills a very fine simile by getting his
financial terms mixed. Teddy isn't a

It is announced that Mr. Roosevelt

AS TO HOGAN.

(Dayton News.)
Attorney General Hogan has ren-
dered more opinions, and taken part
in more legal controversies, since he
has been in office than all of his
predecessors combined for twenty
years past. His opinions have been
able and well grounded upon the law
and the constitution. He did not
make the law or the constitution; he
has only to interpret them in his of-
ficial capacity as attorney general. And
he interprets them, morning, noon and
night, and is making a record such as
no other attorney has ever made in
this state. And he is still "Tim" Ho-
gan to those who know him—and they
who know him, love him.

Recall of the Recall.

(Youngstown Vindicator.)
It is something of a coincidence that
just as the opposition was making the
most out of the speech of Governor
Harmon before the constitutional con-
vention in which he expressed doubt
as to the wisdom of the initiative, re-
ferendum and recall, there should come
from the city of Tacoma up in Wash-
ington the news that recall charges
had been filed against Mayor William
Seymour by two political supporters
of former Mayor Fawcett who was re-
called last May by the election of Sey-
mour. The petitioners allege that
Seymour is incompetent to fill the of-
fice; that he has neglected it, and
that he has again established the
spoils system. If this thing of a re-
call of the recall is kept up even some
of the supporters of it would like to
know where it is to end.

DR. SPENCER TO SPEAK ON HOW GOD JUDGES MEN

The sermon last night by Dr. I.
J. Spencer in the Central Church of
Christ on "Repentance," was out of
the ordinary line and striking in the
freshness and power of its utterance.
"The call to repentance," said Mr.
Spencer "is for all those in the church
as well as outside." Repentance is
preparatory to communion with
Christ and life through Him. The
term was analyzed as self-examina-
tion, discovery of specific sin, con-
fession of sin, renunciation of sin
and amendment of life and conduct.
God knocks at the door and asks men
to open to Him by repentance.
The hard soil is plowed by repen-
tance and prepared for the good seed
of the kingdom. The rubbish is
cleared away by repentance so that
Christ as the foundation of our hope
and character may be laid.
"There is not enough confession of
sin on the part of church members.
We are all sinners, diseased with in-
iquity, and need the Savior as our
Divine physician."
"No man is a good, true man who
does not, like our Lord 'love right-
eousness and hate iniquity.'"
To voluntarily die to sin and live
into righteousness are essential to
Christianity and to happiness.
There is more joy in heaven among
the angels over one repenting sin-
ner than whole church full of self-
righteous men and women. There is
not half enough repentance and con-
fession of sin in the churches.
There are sins of disposition, such
as pride, avarice, hatred, ambition
worldliness—just as bad as sins of
outward conduct like swearing or
drunkenness, gambling and rowdy-
ism. The sermon tonight will be on
"How God Judges Men."

OFFICERS WANT HIGHER RANK

Those In Command Should Have
Distinctive Titles.

USUALLY GIVEN TO OLD MEN.

War Develops Its Own Commanders.
Senators Thornton and Nelson Fought
on Opposite Sides in Same Battle.
Andrew Carnegie Gives a New Twist
to One of His Own Sayings.

By ARTHUR W. DUNN.
Washington, Feb. 15.—[Special.]—
Constant pleas are made by both the
army and navy for higher rank for
men in command of armies in the field
and the fleets at sea. It is insisted that
an army such as we have in the United
States should be commanded by a lieu-
tenant general and that we should
have two or three vice admirals for our
different fleets.

The trouble about high rank and com-
mand is that they do not go together.
After the Spanish war we had a string
of lieutenant generals and only one
commanded an army, and he for a brief
time in the Philippines. We created a
grade of admiral for the victor of Ma-
nila bay, and he has not commanded
anything since. If we had the higher
grades they would go to old men and
favorites who are too old or unfit to
command in real times of trouble.

Fighters Develop in War.

Real fighters, men born to command,
develop in time of war. That was the
case in the civil war. None of the men
picked in the early stages of the con-
flict made good. The real officers de-
veloped as the war progressed. We
might train a dozen lieutenant gener-
als and the same number of vice ad-
mirals, and yet in case of war no doubt
they would go into the discard. None
of our rear admirals made records in
the Spanish war. The sea fighting was
done by commodores and captains. We
can look in vain for anything like dis-
tinguished service by those who were
major generals at the beginning of the
same war. Other officers did the work.

Honors Lavishly Bestowed.

It is also remembered that immedi-
ately after the Spanish war a half
dozen or more men, whose names can-
not now be remembered, were given
the rank of lieutenant general, a rank
that was not given to Thomas, Han-
cock, Meade, Slocum, Burnside, Hook-
er, Logan, Rawlins, McClellan, Rose-
crans, Wilson, Banks, Fedgwick, Ter-
ry, Crook, Howard, Halleck and half
a dozen others whose names spring
into the mind when we talk of civil
war fighters.

Survivors of a Famous Siege.

When Senator Thornton of Alexan-
dria, La., came to the senate about a
year ago one of the first men he met
from the north was Senator Knute
Nelson of Alexandria, Minn.
"I wanted to meet you," said the
Minnesota man, "because we both
come from Alexandria, and I know it
is a good town. I was in your home
during the war, shortly after I was
wounded in battle."

Further inquiry developed the fact
that the two men had fought on op-
posite sides at the battle of Fort Hud-
son, where Mr. Nelson was wounded
and taken prisoner. Both senators
were on the public lands committee
and both are farmers. Chief
Justice White of the supreme court
and Senator Warren of Wyoming
were on opposite sides in the same
siege, which was ended by the news
that Vicksburg had surrendered. They
often get together and exchange expe-
riences of those stormy days.

A Fastidious Smoker.

Senator Jonathan Bourne, Jr.,
smokes cigars that cost him 41 cents
apiece. They are made in Cuba of a
special tobacco, sent from there to
New York and kept in cold storage,
with the proper amount of moisture,
and after aging a bit they are sent
to the senator as he needs them. And
he needs a box pretty often, for he is
an inveterate smoker, as well as a ge-
nerous donor of specimens of his fa-
vorite luxury.

What Carnegie Said.

Andrew Carnegie was the guest of
the National Press club not long ago.
The conversation naturally turned to-
ward the wonderful success of the
great financier.
"I have heard it said, Mr. Carnegie,"
said Frederic Haskin, president of the
club, "that you have attributed your
success largely to the fact that you
get around you men with better busi-
ness heads than you have, and I have
wanted to ask you about it."
"I may have said something like
that," said Mr. Carnegie, "but perhaps
what I said was more like this: 'Suc-
cess in business lies in getting around
men smarter than you are.'"

The Best Architecture.

The east facade of the treasury build-
ing is pronounced by architectural ex-
perts as the most beautiful in the
world. Its principal feature is the
stately Corinthian columns that extend
for the entire length of the building.
It is said that a plan has been devised
by Robert O. Bailey, assistant secre-
tary, formerly a prominent newspaper
man, to place a row of lights in the
shelter of the arched roof that will
shed a soft glow around the columns,
thus not only adding to their beauty,
but giving additional security to the
treasure stored in the vaults inside.

ELK SEAT SALE OPENS TOMORROW

As shorter grows the time inter-
vening before the big Elk minstrel
show, the greater becomes its per-
fection and the better do the songs
and stunts seem. Each night now a

rehearsal is held and the boys go to
the work with a vim that fairly
sweeps it along.
The soloists are rounding the
numbers into good shape and among
these singers none is better known
than Carey Ferguson, who has been a
participant in much solo and quartet
work about the city. Mr. Fergu-
son is a carriage erector and the
son is a carriage decorator and the
possessor of a very pleasing voice.
The red-letter day of this week is
Friday, for at 9 o'clock on the morn-
ing of that day the big seat sale
opens and every precaution is being
taken to impartially supply the
tickets.

One of the big features of the min-
strel show is the chorus. Especial
care has been taken of this side of
the work and every effort has been
put forth to whip the drills into
shape and the ensemble numbers
possess both volume and delightful
harmony. Among one of the hard-
est workers of the chorus is Robert
Brennan, an electrician and a son
of Mr. J. C. Brennan, a well known
Elk. Mr. Brennan with his ability
aids the chorus immensely.

Friday morning at 9 o'clock and
ticket holders should make an effort

PADEREWSKI, BROKE, COMING TO AMERICA

Ignace Paderewski, the pianist, is
soon to depart from his Swiss estate
for a five months' tour of South Af-
rica, after which he intends to re-
visit America to recoup his fortunes.
It is declared by his friends that the
huge sums he earned in the United
States have almost entirely vanished.

The human system can throw off most ills if it has sufficient reserve strength to call upon in emergency.

The amount of reserve energy on hand at any time is largely a matter of good digestion.

In these days of stress and strain and struggle, the nervous system is racked to pieces. Nervous indigestion is an almost universal ailment and the result of that indigestion is insufficient nourishment with which the body can build its store of reserve strength.

Alcohol in pure form and in small amounts is the best aid to digestion known to mankind.

Duffy's Pure Malt Whiskey

is the purest whiskey made. It provides the system with alcohol free from harmful adulterants. In moderate amounts it so assists digestion that the improvement in general health is remarkable.

Use it yourself.

But those who can't take alcohol moderately should not take it at all.

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000
Worth of Medicine

In order to show beyond all doubt
that I am in possession of a medicine
that will cure kidney trouble, bladder
trouble or rheumatism, I will this year
give away ten thousand dollars worth of
medicine, and anyone suffering from these
diseases can get a box of it absolutely free.
All that is necessary is to send me your ad-
dress.

I don't mean that you are to use a part of
it or all of it and pay me if cured. I mean
that I will send you a box of this medicine
absolutely free of charge, a gift from me to
the Urine Acid sufferers of the world, so I can
show them where and how they may be cured.
I will not expect payment for this free medi-
cine, nor would I accept it now or later if
you sent it. It is free in the real meaning of
the word.

For twenty-five years—a quarter of a cen-
tury—I have been trying to convince the pub-
lic that I have something genuine, something
better than others have for the cure of stub-
born, chronic rheumatism, for torturing kid-
ney backache, for annoying calls to urinate.
But it is hard to convince people—they try a
few things unsuccessfully and give up all hope
and refuse to listen to anyone thereafter.
Happily, I am in a position now to demon-
strate to sufferers at my own expense that I
have a medicine that cures these diseases.
I don't ask them to spend any money to find
out; I don't ask them to believe me, nor even
to take the word of reliable people, but all I
ask is that they allow me to send them the
medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand
dollars, which will be used to compound my
medicine. Much of it is ready now to be
sent out, all of it fresh and standard. There
will be enough money I am devoting to this
cause, for the package of medicine I send you
needs it can get some of it free. But in
order that I shall know if you have a dis-
ease for which this medicine is intended, I
ask you to send me some of your leading
symptoms. If you have any of the symptoms
in the list printed here you need my medicine
and if you will write me I will gladly send
you a box of free medicine and full directions
for your use. Look the symptoms over, see
which symptoms you have, then write me
some number—here put down the numbers,
give your age, full address, and send it to me.
My address is: Dr. T. Frank Lynott, 5082
Occidental Bldg., Chicago, Ill.

The ten thousand dollars I am spending for
the compounding of my medicine is only a
part of the money I am devoting to this
cause, for the package of medicine I send you
will be fully prepaid at my expense. From
any standpoint, you see it, YOU incur no
expense or obligation. Just tell others who
you know are suffering who sent you the
medicine that cured you.

I am promising to give away ten thousand
dollars' worth of medicine, and I will do that;
I am promising to send any sufferer who
writes me a box of this medicine and full
directions free of charge, and I will do that.

DR. T. FRANK LYNOTT
who is giving away \$10,000 worth of medicine.

I can say further that this medicine has been
vouched for according to law as complying in
every detail with all requirements. It will
stop rheumatism, it will stop pain and back-
ache, it will stop too frequent desire to urinate,
it will heal, soothe and strengthen.
You will be better in every way for having
taken it. There is not an ingredient that can
injure; not one but will benefit. All that I
ask is that you use it yourself so that you
may be personally convinced.

Owing to the large number of requests, I
have had ten thousand more copies of my
medical book printed. This book is new and
up to date and contains complete descriptions,
symptoms, causes, effects and cures of kidney,
bladder and rheumatic diseases. All who write
for the free medicine will be sent a copy of
this grand illustrated medical book—the
largest ever written on these diseases for free
and general distribution.

If you need medicine such as I have, if
you are anxious to be cured and don't want
to spend any money LOOKING for cures,
write me. Read the symptoms over and let
me hear from you today.

These Are the Symptoms:

- 1.—Pain in the back.
- 2.—Too frequent desire to urinate.
- 3.—Burning or obstruction of urination.
- 4.—Pain or soreness in the bladder.
- 5.—Prostatic trouble.
- 6.—Gas or pain in the stomach.
- 7.—General debility, weakness, dizziness.
- 8.—Pain or soreness in the joints.
- 9.—Swelling in any part of the body.
- 10.—Constipation or other trouble.
- 11.—Distillation or pain under the heart.
- 12.—Pain in the hip joint.
- 13.—Pain in the neck or head.
- 14.—Pain or soreness in the kidneys.
- 15.—Pain or swelling of the muscles.
- 16.—Pain and soreness in the nerves.
- 17.—Acute or chronic rheumatism.

SOCIETY

St. Luke's Commandery, Knights Templar, has received an invitation to attend the grand social to be given by Coshocton commandery Thursday night. The Newark party will take the 5:12 Pennsylvania train Thursday evening and the Knights will be in full uniform with the exception of the sword. About thirty will be in the party.

The Masonic Social club danced at Assembly Hall on Tuesday evening. The dance proved a most delightful affair and a very enjoyable dance program was given.

On Tuesday evening Mrs. J. B. Burch of Elizabeth street was hostess to the Leap Year Pedro club in the nature of a valentine party. The house was profusely decorated with red hearts, symbolizing the date. Rachel Burch met the guests at the door in a quaint gown. Several interesting games of Pedro were played, the prizes being awarded to Mrs. Marcon and Mrs. Charles Graef. The guests of the club were Mrs. C.

HEART AND HOME TALKS BY BARBARA BOYD

The Hygienic Side of the Newspaper Breakfast

SOME wives feel aggrieved that their husbands bury themselves in the newspaper at the breakfast table, and that all they hear in response to conversational attempts is "M-m-m-m-h-m," and such edifying replies.

There may or may not be reason to feel aggrieved. But to say that every man who does this is selfish and inconsiderate would hardly be just, without hearing the man's side of the case.

We all do want to know the morning news. Most of us have as keen an appetite for it as for the breakfast itself. If some men do not read the paper at the breakfast table, they have no other time to read it. And when this is the case, the wife certainly should cheerfully grant him the privilege. But when a man can read it on his way to business, it does seem thoughtless of him to give no consideration to his wife all during the morning meal. But whatever may be his excuse, if he has the newspaper habit at the breakfast table, it would be better for the wife to provide herself also with a paper or a book, or a pad and pencil and plan out the day's menus, than to nag and scold and feel aggrieved. If it is a condition that must be faced, it is better to face it cheerily than grudgingly.

But there is a side to the newspaper breakfast that perhaps neither the husband nor the wife has thought of, and which is well worth considering, and which when once considered, may remove this cloud from the domestic horizon.

It is becoming well understood that the state of mind in which we eat has much to do with the digestion of our food. If we eat when we are worried or hurried or despondent, our food does not digest. It is not assimilated, and the body does not get the nourishment it needs. Now the man who eats his breakfast to a mental accompaniment of murders, suicides, fires, burglars, and accidents, is certainly not mixing his breakfast with cheerfulness and optimism. The ghastly details of some horrible crime are not good aids to digestion, nor is the news of a bank failure or a panic on Wall Street apt to bring peace and tranquillity to his spirit. Rather it gives an inward feeling of panic and apprehension, as he wonders if it will be likely to affect his affairs, that paralyzes digestion. Bad news is apt to cause him to push away the remainder of his breakfast untasted, and to start off in a depressed, fearful state of mind. This is not going to put him in the best condition to handle the complications that may await him.

The wife, too, if she sits at the opposite end of the table in gloomy or melancholy silence, because evidently her husband does not love her any more, is not eating her food in that state of mind that makes for good digestion.

Bright cheery talk, a discussion of plans or pleasure for the day or week is surely a better way to pass the breakfast hour, better if only from the hygienic point of view.

Barbara Boyd.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our system has become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a drastic compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of Food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Templar of this city, accompanied by their ladies, will go to Coshocton tonight to attend a social to be given by the members of Coshocton Commandery, Knights Templar.

The Progressive club held the regular meeting on Wednesday afternoon at the home of Miss Julia Smith, in North Fourth street and following the regular program the meeting was turned into a valentine party. As each guest arrived they were greeted at the door by Miss Mary Miller, gowned in white, dotted with tiny hearts and with a wand on which was perched a Cupid, they were shown their way. The hostess, also, a white heart, betrimmed gown.

The program given from the calendar was, as follows: Roll Call—Cupid's Capers. Origin and Subsequent History of St. Valentine's Day—Miss Lucy Wyeth. A Story of St. Valentine—Mrs. T. J. Evans.

Illustrated Valentines (original)—By the Club. At the conclusion of the program the post office was opened and here clever valentines with hearts and Cupids were given out and each bore a verse telling of the characteristics of the receiver. At the luncheon table the center piece of a circle of hearts and the table was covered with Cupids. The candles were canopied in red and the clever little place cards of hearts were personally designed for each guest.

At the conclusion of the dinner all guests drew a tiny heart suspended by a thread from a bag on the chandelier and received their fortune. Miss Mary Miller was the charming postmistress.

The guests of the club were Mrs. L. P. Franklin, Mrs. Thomas, Mrs. T. A. Cosgrove, Mrs. William Miller, Mrs. W. L. Prout, Mrs. Carpenter, Mrs. Tannyhill, Miss Donahue and Mrs. Horn of Petoskey, Mich.

The Alpha Pi fraternity will entertain with a dance on Friday evening at Assembly hall. A number of fraternity men will attend from Columbus, Coshocton and Zanesville.

The Wednesday Afternoon Sewing club met at the home of Mrs. Andrews in Channel street yesterday. The afternoon was spent at needle work, and Mrs. Andrews' guests spent a pleasant two hours. Excellent music was furnished by Mrs. Andrews and her son entertained those present and later refreshments were served. The guest of the club was Mrs. Fullerton. The club's next meeting will be held in two weeks at the home of Mrs. Dover, 542 Kibler avenue.

Mrs. Sarah Nelson and Miss Mary Fleming entertained on Tuesday evening in honor of Mrs. Nelson's daughter, Mrs. S. G. Stickle, who after a visit of several weeks will return to her home in Detroit, Mich. The evening was spent in games and dancing and at a late hour a dainty luncheon was served. The guests were as follows: Mr. and Mrs. Fred Eaton and daughter Virginia, Mr. and Mrs. George Swern and son Charles, Mr. and Mrs. John Eaton and daughters Anna and Flora, Mr. and Mrs. J. W. Kincaid and children, Edna and Violet, Mr. and Mrs. N. W. Swern and children Marion, Katherine and James, Mr. Robert Fleming of Pittsburg, Pa., Master John Fleming and the hostess, Mrs. Nelson and Miss Mary Fleming.

Miss Arla Wespach of Eleventh street entertained Wednesday afternoon from four to seven with a thimble party.

At six o'clock dinner was served and as the napkins were unfolded small heart-shaped, hand-painted valentines were discovered, announcing the engagement of Miss Aispach to Porter D. McConoughy of Chicago, Ill. The wedding will take place some time in March.

The following guests were present: Misses Frances Stevens, Elizabeth Robinson, Mrs. Newham, Misses Sadie Davis, Lena Anderson, Helen Pigg, Dot Woodward, Flavia Dunston, Bertha Julian, Ethel Southard, Florence Coulter, Mrs. Dr. Wyeth, Misses Camille Windle and Irma Aispach.

MORRISON—SMITH. Announcement is made of the marriage of Mr. Fred Morrison of this city to Miss Lillian Smith, formerly of Norwalk, O. The announcement comes as the greatest surprise to a number of the friends of both Mr. Morrison and his bride, they taking none of their Newark friends into their confidence.

The marriage was solemnized on Wednesday afternoon at 4 o'clock at "The Spitzel" in Pittsburg and after a short trip they will make their home in Newark.

Mr. Morrison has lived in Newark about four years, being assistant manager of the Licking Light and Power

company. His bride came to Newark about two years ago and established a kindergarten in the Woodside building. While here she made a large number of friends.

Mr. and Mrs. Morrison on their return will reside in North Fourth street.

JONES—HILLIER. On Wednesday evening at 8 o'clock in the Trinity Episcopal church was celebrated a very pretty but simple wedding when Miss Cassie Hillier, daughter of Mr. and Mrs. Charles Hillier of West Church street became the bride of Mr. Homer D. Jones, son of Mr. and Mrs. Evan E. Jones of North Fourth street.

The pretty Episcopal service was read by Rev. P. Franklin, pastor of the church. The ceremony was witnessed by only the members of the two families. Mr. and Mrs. Jones left immediately after the ceremony for a short trip west and on their return will be at home at 8 Elmwood avenue.

Mr. Jones is in the milling business with his father, and is prominent in lodge circles here. His bride is a graduate of the Newark High school and was formerly society editor of the Advocate.

VANCE—MAURATH. The relatives and a very few friends witnessed the marriage of Mr. Andrew Max Vance and Mrs. Ada Follett Maurath on Wednesday evening at 5:30 o'clock at the Second Presbyterian church. Rev. T. A. Cosgrove read the ring service to the couple, who was unattended. The whole affair was the simplest in every respect.

The bride wore a traveling suit of oatmeal colored cloth, and street hat with aiguettes. She wore a huge corsage bouquet of violets, and lines-of-the-valley. Immediately following the ceremony they left for a short trip before returning to Pittsburg, where they will go to house-keeping in one of the suburbs, Crafton.

The bride is the elder daughter of Mr. and Mrs. Charles H. Follett of Wyoming street. Until recently she has been deputy to City Auditor Wulffhoop. Mr. Vance is the older son of Mrs. Miranda Vance of Tenth street, and although he spent all his early years in this city, practically all of his business life has been spent in Pittsburg where he is employed by the Pittsburg Plate Glass company of that city. Until recently he acted as traveling auditor for the concern, but now is stationed in Pittsburg as assistant superintendent of the traveling salesmen for the same company. Both Mr. and Mrs. Vance are very well known in this city, as Mrs. Vance has always made her home here and both graduated from the school of this city. Although their many friends are loath to have them leave, they wish the couple much happiness in their new home.

\$100 REWARD, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It cures Catarrh of the bladder, and destroys the foundation of the disease, and giving the patient strength by rebuilding the constitution and assisting nature in doing its work. Referendum To Block Action In a Salary Cut

Ripley, O., Feb. 15.—The village street commissioner, who also is the village marshal, has tied this village into a knot with a referendum petition.

At its January meeting the council confirmed the reappointment by the mayor of Marshal Daniel Miller as street commissioner, then reduced his salary from \$20 a month to \$5 a month. Miller promptly started a petition for an election to pass on council's action in cutting his pay and the election will be held in connection with the general election in November. In the meantime Miller is on the job at his former salary.

THEY INJURE CHILDREN

Cathartics and Pills and Harsh Physic May Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They sometimes cause griping, nausea and distressing after-effects, and may actually injure the health, thus establishing a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness or other undesirable effects. They have a very mild, but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages; 15 tablets, 10c.; 26 tablets, 25c., and 80 tablets, 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, F. D. Hall, 10 North Side Square.

THE CAMERA GIRL

The latest fad of the society girl is to carry in her handbag a tiny camera loaded with films, which she can use instantly—and if necessary without her friends—even knowing that she is recording their actions, as after use it can be slipped back unnoticed into the bag.

Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and it usually stops the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup. This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, you will find it is the most valuable concentrated compound of Norway white pine extract, and is rich in gualacal and all the natural healing pine elements. Other preparations will not work in this recipe. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Daddy's Bedtime Story—Cunning Mr. Fox

"He Heard the Barking of a Lot of Dogs"

"HIS A cunning fellow, is Mr. Fox," said daddy one evening to Jack and Evelyn, "and he very seldom gets caught. He's quick on his feet, you know, and he can run like anything, especially when he's chased. And, besides, he knows where all the good hiding places are in the woods where he lives. But, fast as he is, some of the dogs which chase him are still faster. Here's what happened one day to Mr. Bushy Tail Fox."

"That's a funny name," said Jack. "It is," said daddy. "And the fox who had it was a funny fellow. He was walking along the road one day, thinking how good Farmer Robinson's chickens had tasted the night before and wishing he had more of them, when he heard far behind him a sound that made him lift his ears. For a moment he stood quite still on the road, and then he was off like a streak of lightning. 'The sound he heard was the barking of a lot of dogs. And they were barking mightily loud, let me tell you. Now, if there is any sound that Brother Bushy Tail Fox did not like it was the barking of a lot of dogs. He knew very well that if those dogs got near enough to him to jump on him there would be mighty little left of him, from his sharp nose to the end of his beautiful brush."

"It chanced that the road Bushy Tail was on had high wire fences on each side, so that he could not dodge into the fields. It was a new fence, and there were no holes in it. Mr. Fox had to keep on the road, although he hated to do so. It was a long, long run for him, and he was beginning to get tired, for the dogs, which were good runners, were stronger than he and could keep up the race longer. Soon Brother Fox heard the barking coming nearer and nearer. 'It's all up with poor little me,' he said to himself, but he made one last hard effort and ran faster than ever before. He did so well that he gained on the dogs. As he flew along the road he rounded a turn which hid him from the dogs. Then he was delighted to see ahead of him a big farmer's wagon loaded with hay. Under it there was a broad beam, just wide enough for a tired fox to rest upon. What did Brother Fox do then but jump up on the beam without being seen by the driver of the wagon and rest himself. Part of the hay hung down over the end of the wagon, so that Brother Bushy Tail could see without being seen."

"When the dogs reached the place in the road where the fox had jumped into the wagon they were puzzled, for they lost the scent. And so Brother Fox rode safely on the wagon until he came to his hiding place in the woods."

Philadelphia Feb. 15.—The Pennsylvania railroad offices here report that four persons were killed and 35 others injured when nine cars of the east bound Pennsylvania limited were derailed at Warriors Ridge, Pa., four miles west of Huntingdon. The accident was caused by the truck of the second locomotive breaking and then the other two engines drawing the train broke away and ran down the track. The other nine coaches jumped the track.

A relief train with doctors and nurses was dispatched from this city, 12 doctors being taken on at Tyrone. The names of the killed and injured were not known. The injured were taken to hospitals at Huntingdon. Two of the four passengers killed were women.

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

ITCHING EVERY MOMENT

DISTRESSING ECZEMA MAY BE QUICKLY BANISHED.

Try This Remedy at Our Risk.

Eczeema is seen in so many forms that any itching eruption is almost certain to be this disease. In the acute stage the itching is almost maddening as it does not give one a moment's peace.

Our new skin remedy, Saxon Salve, was devised to meet the need for a really trustworthy and scientific treatment of skin troubles.

Saxon Salve not only stops the terrible itching at once, but also penetrates the very root of the disease with its healing, germ destroying power.

You will be both surprised and delighted to see how the eruption begins to dry up and disappear after the first few applications.

It is splendid for children as well as for adults, and we give you our money if Saxon Salve does not satisfy you perfectly. F. D. Hall, druggist, Newark, Ohio.

FRESHMAN CLASS OF HIGH SCHOOL GIVES SURPRISE

Granville Boys and Girls Have Jolly Time at Bob-Sled Party—News of the Village.

Granville, Feb. 15.—One of the most delightful affairs of the past week was the bob sled party and surprise on Miss Florence Abel, at the home of her parents, Mr. and Mrs. E. B. Abel, about two miles west of town, by the young ladies and gentlemen members of the Freshman class of the Granville High School. The young people have had in mind this trip for some time and that it was most successfully managed is evidenced by the manner in which they succeeded in surprising Miss Florence. At an early hour in the evening the merry party left in two large bobs, and after a most delightful ride reached their destination to find Miss Florence at home and entirely unsuspecting. The young people at once proceeded to make themselves at home, and the surprise was complete.

After Miss Florence had somewhat recovered from the shock occasioned by the invasion of the party she devoted herself assiduously to entertaining them. The evening was most delightfully spent in games, music, etc., and in the discussion of an elegant supper that had been prepared by Mrs. Abel. It was at a late hour that the return journey was made, and it was the unanimous opinion that one of the happiest evenings of their lives had been spent.

With the running of the sugar water sap and the advent of the spring birds now here, to the extent at least, of a few robins, some say many, the spring candidate is beginning to bud and will shortly emerge into full bloom and blossom.

Miss Della Smith, a charming and accomplished young woman of Defiance, O., has been spending several days with friends here.

St. Valentine's day was observed in Granville on a more extensive scale than usual, February 14, which is annually dedicated to Cupid, has always been a great day for entertaining, and there were quite a number of social functions held in the village Tuesday night and Wednesday, including Valentine parties, bob sled rides, etc. One of the most enjoyable events of the week was the Valentine party given by Miss Esther Morris, at her home south of town when two large sleds loaded of young people were entertained most charmingly. Delightfully suggestive of St. Valentine's day were the appointments, all of the arrangements being planned with a thought of the Feast of Lovers. Throughout the rooms were strands of countless pink

STEPHAN'S MAMMOTH SHOE LAUGHTER MARCH SUIT SALE

Too much winter merchandise to hold onto. My past experience has taught me to sell out each season's goods the same season it is bought, even if it does require a big sacrifice. THESE SIX LETTERS From New England Women

Prove that Lydia E. Pinkham's Vegetable Compound Does Restore the Health of Ailing Women.

Boston, Mass.—"I was passing through the Change of Life and suffered from hemorrhages (sometimes lasting for weeks), and could get nothing to check them. I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) on Tuesday, and the following Saturday morning the hemorrhages stopped. I have taken them regularly ever since and am steadily gaining."

"I certainly think that every one who is troubled as I was should give our Compound Tablets a fair trial, and they will find relief."—Mrs. GEORGE JURY, 802 Fifth Street, South Boston, Mass.

Letter from Mrs. Julia King, Phoenix, R.I.

Phoenix, R.I.—"I worked steady in the mill from the time I was 12 years old until I had been married a year, and I think that caused my bad feelings. I had soreness in my side near my left hip that went around to my back, and sometimes I would have to lie in bed for two or three days. I was not able to do my housework."

"Lydia E. Pinkham's Vegetable Compound has helped me wonderfully in every way. You may use my letter for the good of others. I am only too glad to do anything within my power to recommend your medicine."—Mrs. JULIA KING, Box 282, Phoenix, R.I.

Letter from Mrs. Etta Donovan, Willimantic, Conn.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles causing backache, irregularities, dizziness, and nervous prostration. It was impossible for me to walk up stairs without stopping on the way. I was all run down in every way."

"I tried three doctors and each told me something different. I received no benefit from any of them but seemed to suffer more. The last doctor said it was no use for me to take anything as nothing would restore me to health again. So I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and by taking seven bottles of the Compound and other treatment you advised, I am restored to my natural health."—Mrs. ETTA DONOVAN, 762 Main Street, Willimantic, Conn.

Letter from Mrs. Winfield Dana, Augusta, Me.

Augusta, Me.—"Lydia E. Pinkham's Vegetable Compound has cured the backache, headache, and the bad pain I had in my right side, and I am perfectly well."—Mrs. WINFIELD DANA, R.F.D. No. 2, Augusta, Me.

Letter from Mrs. J. A. Thompson, Newport, Vt.

Newport, Vt.—"I thank you for the great benefit Lydia E. Pinkham's Vegetable Compound has done me. I took eight bottles and it did wonders for me, as I was a nervous wreck when I began taking it. I shall always speak a good word for it to my friends."—Mrs. JOHN A. THOMPSON, Box 3, Newport Center, Vermont.

Letter from Miss Grace Dodds, Bethlehem, N.H.

Bethlehem, N.H.—"By working very hard, sweeping carpets, washing, ironing, lifting heavy baskets of clothes, etc., I got all run down. I was sick in bed every month."

"I am last Spring my mother got Lydia E. Pinkham's Vegetable Compound for me, and already I feel like another girl. I am regular and do not have the pains that I did, and do not have to go to bed. I will tell all my friends what the Compound is doing for me."—Miss GRACE B. DODDS, Box 133, Bethlehem, N.H.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.

Miss Mary Yingling left for Mansfield Wednesday morning where she will be the guest of Mr. and Mrs. Jacob Tichenor, formerly of this place.

Shocking Sounds

In the earth are sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape those dangerous maladies, Dropsy, Diabetes, or Bright's Disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Bondy, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it. 50 cents at F. D. Hall's.

Mr. and Mrs. Joe Benge were given a genuine surprise Friday evening by about 35 of their friends. Crackerjack, taffy and shouting pro-

verbs furnished entertainment for the evening.

The Jolly Stickers met at the home of Mrs. George Beever Friday afternoon and had a delightful time.

The K. of P. lodge of Homer will give a supper at its hall on the evening of the 23d. Music will be furnished by the Jennings orchestra of Mt. Vernon and Rev. Brown of Utica will deliver an address. A cordial invitation is extended to everybody.

Mrs. E. C. Allison of Millersburg and Mrs. W. H. Larimore called on the latter's daughter, Mrs. Albert Brown of Utica, Friday.

The stork called at the home of Mr. and Mrs. O. Cline Friday, leaving them a fine baby girl.

On Monday morning, as Paul Adams was starting to school, a wheel came off the buggy, throwing Paul out and frightening the horse, which ran with the buggy about two miles west, when it was caught and tied to a fence, and when Paul caught up with him he could discover no damage except a slight scratch on the horse's foot and he again started to school, when the horse became unmanageable and ran away, completely demolishing the buggy and bruising Paul slightly, who was able to attend school in the afternoon.

Mrs. Carl Worley and her children, who have been visiting at the home of T. P. Edman the last few days, started on Monday for their new home in Ashland, where Mr. Worley has accepted a position with the Ohio Fuel and Gas Co.

Mr. and Mrs. W. J. Larimore and Mrs. E. C. Allison took dinner with Mr. and Mrs. E. E. Hollister Sunday.

A MIGHTY REMEDY

Cures Backache, Sideache, and all Kidney, Liver and Bladder Disorders or Money Back.

Yes; money back; that's the offer that Erman & Son, the agent in Newark makes if Thompson's Barosma fails to cure any of the above named diseases.

And when you stop to think, that's a wonderfully generous offer from the viewpoint of the afflicted, the sick and the suffering.

So if you are ill, have the blues, have lost ambition, have backache or pains in your side, if your urine is high colored, and your eyes dull and complexion sallow, the chances are that your kidneys are weak and clogged up, and that your blood is full of impurities.

So why wait when Thompson's Barosma is guaranteed to restore your health. Get a bottle today at Erman & Son. There are two sizes, 50c and \$1.00.

Five years ago Charles Schultz, of Dunkirk, N. Y., was so weak and run down that he decided to give up his business. He took Barosma, and in a few months he regained his health gaining 55 pounds in weight. Today he writes: "I have been in perfect health ever since I wrote you five years ago." All druggists.

AMUSEMENTS

Press Agent Says:

Jumping Jupiter.

An echo of Edna Wallace Hopper's first marital partnership—that with DeWolf Hopper—was sounded the other day when the comedienne's new maid was moved to remark: "I would like very much to see you act, Miss Hopper. You know I saw your father, DeWolf, several times." This flattering information reminded Miss Hopper, as she stood in the wings of the Court theatre, of a previous incident.

"The musical production in which I was first starring," said the leading feminine member of "Jumping Jupiter," "was playing Plainfield, N. J. At the end of the third act I was called upon for a curtain speech. It was the regular thing, but the manager of the Plainfield opera house, as he watched and listened, accepted it as improvised on the spur of the moment. After I had finished he turned to my company manager and said: "She's a great little girl. She's got great talent and it will be developed with time and experience. Marvelous how she takes after her father, isn't it? Now, all she needs to make a real sensation is to go out and do an imitation of daddy reciting 'Casey at the Bat'."

Miss Hopper will play the leading feminine role in "Jumping Jupiter," at the Auditorium soon.

Polly of the Circus Tonight. Women whose lives have been spent in the sheltered atmosphere of a comfortable home, never realize and perhaps have seldom given a thought to those of their sisters who are known as the "women of the circus."

circus." Around the latter and their lives hangs a veil of mystery which, unlike that of the actresses on the stage, has never been drawn aside for the gaze of the curious multitude. Outside of a casual glimpse caught of them in the parade passing through town and city and the witnessing of their extraordinary feats under the big white tent, what do we know of them? Creatures, meet each year of our lives, they pass on as mysteriously as they have entered upon our vision. Of their life and habits we know not as much from reading and lectures as of the women of far off Asia. To us circus women seem a race almost as alien as the gypsy, and we are apt to dismiss them with that same familiar phrase, "women of the circus." We never know, or seem to care, that they, too, are creatures of feeling and possess the same attributes as their more fortunate sisters of ease and breeding.

Always a devotee from boyhood up of the tanbark ring, Frederic Thompson, the wizard of Luna Park, had in his mind for years a skeleton of a play which would deal truthfully with this subject. Meeting Margaret Mayo, the dramatist, he sketched for her his ideas, and she wrote "Polly of the Circus," which

comes here with George Oip in the title role, tonight. This refreshing original play is said to be the best piece of dramatic authorship yet conceived.

The Orpheum. The bill for Thursday, Friday and Saturday at the Arcade theatre contains a variety of acts which will appeal to theatre-goers. The Three Dales, in an act entitled "Around the World," present a series of mishaps and ludicrous situations that keeps the audience in continuous laughter, closing the act with a real brass band finish. Joe Austin, the Italian impersonator, is more than a mere impersonator, as he tries to make the street Italian more generally understood and less an object of ridicule. Misses Bland and Clayton give a singing and talking act, "Just a Little Sarcasm," which is bubbling over with witty sayings. Both young ladies possess excellent voices. Harry Bardel, the juggling genius, is a clever entertainer and will introduce some new stunts. There will be a new picture.

OHIO MARKSMEN TO COMPLETE FOR PRIZES ABROAD

Ohio marksmen, the best in the world, will compete in contests in three different continents this year. A team of five Buckeye sharpshooters will take part in a big rifle tournament to be held at Buenos Ayres, South America, under the auspices of the Argentine Republic, and in which the leading countries of the world are asked to enter teams, either in July or August.

Ohio will also be represented on teams selected by the National Rifle association to uphold the honors of the United States in shooting contests in France, Sweden and Canada. The members of these teams will be chosen by competition. As Ohio has furnished most of the men who have represented this country on teams which have taken part in international contests since 1906, it is safe to assume that the Buckeye state will have representation on each of the teams this year.

The personnel of the team of five which is to go to South America will be selected under a competition to be held by the Ohio State Rifle Association. As is understood, all the shooters will come from the Ohio National Guard. The conditions of this competition are now in course of preparation. The South American trip will be the longest ever taken by Ohio shooters.

In the international contest at Canada two years ago and in the Olympic games shooting contest at Bisle, England, in 1908 Ohio marksmen carried off most of the honors. More than half of the All-American team at the Olympic contest were Ohio men.

AMERICAN BAR ASSOCIATION

Baltimore, Md., Feb. 15.—The 34th annual report of the American Bar Association, just issued by the secretary of the association, shows the following interesting facts: 1118 new members were elected during the year, swelling the membership to 4701, an increase of nearly thirty per cent in one year. There is one honorary member, the Hon. James Bryce, British ambassador. Stephen S. Gregory, of Chicago, is president. There are members from all the states, the District of Columbia, Hawaii, Alaska, Porto Rico and the Philippine Islands.

Report shows that there are 47 state bar associations and 506 local bar associations in the United States, besides one in the District of Columbia, and one in Hawaii. The next annual meeting will be held at Milwaukee, Wis., August 27, 28, and 29, 1912.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

BROWNSVILLE.

The meeting held by the Rev. D. J. Smith at the M. E. church is being well attended.

J. W. McMaster, L. W. McMaster and son, B. H., all of Zanesville, visited their mother last Saturday. Mrs. McMaster, who has been suffering with a fractured arm for the past week, is not as yet much improved.

Two new cases of scarletina and scarlet fever are reported in this vicinity.

Miss Susan Williams, an aged resident of Brownsville, but now in Newark, is very low with pneumonia. Her nephew, Wm. Snelling, was called to her bedside Monday.

Mrs. Susan Brown and Mrs. Judson Kemper are both quite ill at present.

Mrs. J. A. Drumm, who has been quite ill for some time, was able to visit Mrs. Susan McMaster Sunday.

Quite an excitement was caused in town one day last week by the large team of grays owned by John Mack. While hitched in front of one of the groceries they were frightened by a passing automobile. Ridding themselves of nearly all their harness, they froed them from the sled, they ran out the south road, but were soon caught and brought back and taken to the harness and blacksmith shops, where all damages were repaired.

Mrs. Jos. Phillips has returned from a short visit in Newark with her daughter, Mrs. Scott Orr, who has been ill.

Miss Maybelle Rheeling of Bucyrus spent a few days last week with her grandparents, Mr. and Mrs. C. A. Cook.

HIGHWATER

Mr. and Mrs. Casper Bowers are both quite ill at their home east of the village.

Mr. Charles Freese, who has been at home for several weeks with the mumps, is able to be out again.

The friends of Mrs. Lemers Gosnell will be glad to learn that she is able to be up for a few hours each day.

Mr. Morrison Clark, who has been suffering with lumbago, is somewhat improved.

Dr. Coburn was called in to see Mr. Wm. Johnson, who has been on the sick list for several days.

Mrs. John Jordan is spending a few weeks in Newark.

Miss Lucy Sherman of Newark is visiting at the home of Mr. Lemers Gosnell.

Mr. and Mrs. M. D. Snyder spent Sunday with the latter's aunt, Mrs. Mary Dumbauld.

Mrs. Emma McFadden visited with her mother, Mrs. Bowers, Monday.

Mr. and Mrs. Marion Powers spent Sunday with the latter's mother, Mrs. Seba Bailey.

Mrs. Samp Snyder and daughter are visiting her sister, Mrs. William Bowers.

Mr. and Mrs. Elmer Solinger, Mr. and Mrs. Foster McFadden, Mr. and Mrs. C. N. Bell spent Sunday with Mr. and Mrs. J. R. Solinger.

Misses Cleo Wynn and Mabel Gosnell visited friends and relatives in Newark Sunday.

Miss Wanda Barrick, who is attending school at Johnstown, spent Saturday and Sunday with her parents.

Caution Hill visited Saturday with Edgar Bell.

Mr. J. A. Solinger made a visit to Utica Friday.

A series of revival meetings is being held at Liberty M. E. church. A good attendance is hoped for throughout the meeting.

MEETING PAST CHANCELLORS' ASSOCIATION

The annual meeting of the Past Chancellors' Association of the Nineteenth Pythian district was held in the hall of Roland Lodge, 305, Knights of Pythias, this city, on Wednesday night with a large representation from all parts of the district, which is composed of the counties of Muskingum, Coshocton, Cuyahoga and Licking.

Past Chancellor W. A. Mitchell of Granville, vice president of the Association officiated as chairman of the meeting in the absence of the President, W. H. Manner of Coshocton.

In addition to the regular business coming before the association it was also the occasion of the annual election of officers, which resulted as follows:

President, W. A. Mitchell, Granville.

First vice president, T. M. Crow, Utica.

Second vice president, S. H. Flemm, Cambridge.

Third vice president, J. W. Huffman, Coshocton.

Fourth vice president, L. C. Dawson, Coshocton.

Secretary, Jesse Groves, Newark.

Treasurer, C. W. Highfield, Zanesville.

Sergeant-at-Arms, R. C. Darnes of Coshocton.

Fred S. Wilson and Henry Pfaffer of Newark were elected members of the executive committee.

At the conclusion of the work a number of short speeches for the good of the order were made by various members of the association, and a fine luncheon was served in the dining room of the hall.

Blamed a Good Worker. "I blamed my heart for severe distress in my left side for two years," writes W. COMMISSION NOT YET AGREED ON THE REFORMATORY SITE

Press dispatches Thursday morning announced that Marysville had been assured that the Woman's State Reformatory would be built on a site near that city at a cost of several hundred thousand dollars. The announcement followed a meeting of the Reformatory Commission held in Governor Harmon's office late Wednesday afternoon.

Several other cities are endeavoring to secure the Reformatory, and among them Newark. Thursday morning the Advocate called Secretary Shiner over long distance and inquired if it were true that the Commission had decided on Marysville as the location. Mr. Shiner stated that the commission had not come to any conclusion and might not do so for a week or more. He would not say that Marysville would not be chosen out was emphatic in the declaration that the Commission had not yet selected the site.

WITH SURFACE ONLY SCRATCHED, CONGRESSIONAL INVESTIGATORS AMAZED AT EVIDENCE IN EXPLOITATION OF FLORIDA SWAMP LAND

A PART OF THE EVERGLADES THAT HAS BEEN RECLAIMED

Members of the Moss committee of the House of Representatives say that though they have only scratched the surface, they have been dumfounded by the revelations regarding the exploitation of the Florida Everglades. Sensational evidence has been placed in their hands by Representative Clark of Florida, whose charges brought on the investigation. Chief Engineer C. G. Elliot of the United States reclamation service, will be one of the witnesses called by the committee. Elliot was dismissed by Secretary of Agriculture Wilson after he had revised a government report on the Everglades, so changing it that it drew protestations from those interested in selling Everglades land, and resulted in the suppression of the report, it is charged, by Wilson.

CANINE ROMANCE ENDS IN MARRIAGE OF EX-CHORUS GIRL TO MULTI-MILLIONAIRE

MISS MARY WINTHROP
 PHOTO BY THE PICTORIAL NEWS CO.

A canine romance has culminated in the marriage of Miss Mary Winthrop and Thomas Monroe Turner, had of the \$20,000,000 cotton duck trust and twice divorced by former wives. They are now at Turner's magnificent New York home, where the new Mrs. Turner has transformed the basement into a kennel. It is there she keeps the thirty or forty canine aristocrats with which she takes models and ribbons when the shows are on. It was their common interest in blooded dogs, she explained, that attracted them to each other. He is fifty-four, she twenty-four. She used to be a chorus girl.

The captain was born in St. Albans township Dec. 9, 1857. He graduated from Denison University, Granville, in 1880, after which he studied law and was admitted to the bar in 1883. He practiced his profession for four years, two years of which he was city solicitor. In 1887 he became proprietor of the Hotel Warden, established by his father. In business, professional and social circles he has always been very popular with the people. He has always taken an active part in advancing the interests of Newark. It was through his influence, assisted by a number of other enterprising gentlemen, among them Col. W. C. Wells and W. E. Miller, that the permanent encampment grounds of the Ohio National Guard was secured for Newark. He was captain of Co. C, O. N. G., of this city for five years. Of late years he has been devoting his attention exclusively to the management of his hotels, having a chain of seven of the best hotels in different parts of the country. They are the Warden, Newark; Arcade, Springfield; Lima House, Lima, O.; Metropole, Chicago; Ellis, Waterloo, Iowa; Alabama, Anniston, Ala.; and Bowles, Bloomington, Ind.

NEWBRO'S HERPICIDE

A Scientific Achievement.

The discovery and turning in an alarm of fire makes possible the heroic work of the firemen in putting it out.

Undiscovered, a fire spreads with amazing rapidity, destroying everything within reach. The discovery of the dandruff germ was of inestimable value to mankind, but only because it paved the way for the greater service, the discovery of Newbro's Herpicide.

Dandruff is contagious, and its spread is checked by the use of Herpicide. This delightful scalp dressing kills the germ, and prevents the hair from falling. It stops that itching almost instantly.

Herpicide is the one standard and original dandruff germ destroyer. Any other preparation making this claim is an imitation.

Recommended and applied by first class barbers. Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich. One dollar size bottles are guaranteed by all druggists.

VANATTA

Two horses belonging to Mr. Ora Hollar wandered on the railroad track Sunday afternoon and had a very narrow escape from death. When seen by the family a south-bound freight was so near one of them it looked impossible for it to escape. It ran off the track, down the bank, falling over a barbed wire fence, but escaping without injury, save a few scratches on one knee.

Miss Hazel Harter and Miss Grace Howell spent Wednesday night with Mr. and Mrs. William Huston and family.

Mr. and Mrs. D. L. and child of Virginia are spending the winter with the latter's uncle, Mr. Dick Spiker and family.

Mr. and Mrs. Cash Hughes, son Clyde and daughter Mildred spent Sunday with Mr. and Mrs. Ecelberry and family.

Mr. Cyrus McKinney is seriously ill.

Mr. and Mrs. George Hughes and daughter Irene, Mr. and Mrs. Sidney Reese spent Sunday with Mr. and Mrs. Wm. Nooker.

Mr. Henry Hunkeler has gone to work for the B. & O. railroad again as engineer.

Mrs. Mary Lyons spent Sunday afternoon with Mrs. Ora Hollar.

Miss Iris Hughes entertained Miss Ruth Gaudette and the Misses Lotie, Ida and Vera Johns Sunday afternoon.

Little Addie Huston is very ill with the grip.

Mr. and Mrs. Dick Spiker and family spent Sunday with Mr. and Mrs. Cary Weiss.

Mr. Will Evans has for a sale a new kind of pipe and a new kind of smoking tobacco.

THE EASIEST WAY

Having read with much interest the ten Chalmers L. Hancock Sledge Hammer talks in this newspaper an advocate, subscriber living in Missouri forwards the following clipping from the Saturday Evening Post and aptly suggests that it might be called Sledge Hammer Talk No. 11:

If you, the Grocer, readjust your scales

To give full sixteen ounces to the pound;

And you, the Lawyer, scorn the fairy tales

You tell to win the case you know unsound;

If you, the Doctor, frown on quackeries

And strive your best to practice as you frown—

Then we shall need few far sought remedies

To better the conditions here in town.

If you, the Statesman, quit your noisy rant

And be one-half the man you claim to be;

If you, the Preacher, cast away this cant

And empty creed, and heed Christ's "Follow me!"

If you, the Loafer, will go back to work

And be a bee and not a useless drone;

And you, the Laborer, will strive, not shirk—

I think we'll solve our troubles all alone.

If you, the Orator, will give us deeds

To thicken up the gruel of your speech;

And you, the Gardner, will pull the weeds

And cleanse your field so far as you can reach;

If you, the Milkman, give us honest milk

And leave the added water in the well;

And you, the Agitator, and your ilk,

Will toil, not alk—we'll have few woes to tell.

If you, the Voter, will be just as clean

As you think every Government should be;

And you the Officeholder, make the scene

Of your activities a joy to see;

If you, the Citizen, by every act

Will prove your loyalty to civic good—

Our ills will be in dreams much more than fact,

And Country will be nearly what it should.

If you, the Man, will strive to reach the plane

You claim you want the Nation rested on;

And you the Dreamer, wake up now and gain

A place in the procession ere it's gone;

If you—just you, remember—cast the beam

From out your eye—I pledge it, signed and sealed.

This life of ours would be one blessed dream,

And all the ills we suffer would be healed!

BROUGHT TO LIGHT.

Newark People Receiving the Full Benefit.

There have been many cases like the following in Newark. Everyone relates the experience of people we know. These plain, straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

H. J. Johns, 221 W. Main St., Newark, Ohio, says: "Four years ago I had pains in my back. They were so bad that I could not straighten after stooping. My kidneys were weak and I used Doan's Kidney Pills, procured from A. F. Crayton & Co.'s drug store. They completely cured me and I have had no further trouble for over a year. A little over a year ago I caught cold and it settled in my back and kidneys. I used Doan's Kidney Pills again and they cured me. I am always telling other people about the curative powers of this remedy and I know of no one who has taken them according to directions that has not found satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

To put bands of gilt paper on cigars in the United States costs two million dollars a year.

RIDS SKIN OF ALL HAIRS, TRY IT, FREE

Wonderful New Preparation, Unlike Anything Ever Known Before.

"These Hairs Will Be Gone in 3 Minutes"

"Hairs Gone Forever!"

I want every man and woman who want to get rid of unsightly hairs anywhere on the body to see the extraordinary results of my new Electro-tion, the most remarkable preparation like it before, and you will never use anything else when once you have tried it. Unlike other preparations, Electro-tion absolutely and forever destroys the life of the hair roots.

Moreover, Electro-tion is safe and painless. No redness of the skin. No irritation. In three minutes all superfluous hairs are gone. The skin, no matter how tender, is left soft, smooth, and beautiful.

Heavy growths and light growths vanish. Any woman can now free her arms, neck, face and bust of all downy or heavy hairs and her beauty enhanced a hundred fold. I am going to send you a large bottle and send you a liberal trial package of this new Electro-tion, so you will simply send me your name and address on the coupon below with a recent stamp to help pay cost of mailing. The full-size package of Electro-tion is \$1.00. It will send you the trial package free. If you prefer, on receipt of price, and refund your money if you are not satisfied.
